SUMMARY

B.Tech CSE student at AKTU with hands-on experience in front-end and full-stack web development. Completed intensive full-stack training at Sheryians Coding School covering React, Node.js, Express, and MongoDB. Consistently practising DSA on LeetCode with focus on problem-solving and pattern recognition. Eager to build real-world products and grow through challenging engineering problems.

EDUCATION

B.Tech — Computer Science Engineering | IMS Engineering College, AKTU

Oct 2023 – Sep 2027

- Relevant coursework: Data Structures & Algorithms, OOP, DBMS, Computer Networks, Software Engineering
- Focus areas: Web Technologies, Compiler Design, Software Project Management

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL, Python (basics)

Frontend: React.js, Tailwind CSS, Responsive Design, DOM Manipulation

Backend: Node.js, Express.js (learning), REST APIs, MongoDB (learning)

DSA: Arrays, Strings, Linked Lists, Binary Search, Two Pointer, Sliding Window

Tools: Git, GitHub, VS Code, Postman, npm, Figma, Chrome DevTools

PROJECTS

Student Productivity Suite · React.js · Node.js · Tailwind CSS

- Built a full-stack productivity app with task management, Pomodoro timer, and notes with complete CRUD operations
- Implemented local storage to save data on the browser, ensuring persistence without a backend
- Designed responsive dashboard showing task completion stats and daily streaks using React and Tailwind CSS

Student ERP System · HTML5 · CSS3 · JavaScript · Tailwind CSS

- Built a Student ERP System using basic HTML, CSS, and JS to manage student data like attendance and records
- Implemented core functionalities such as add, update, and view details with simple frontend logic
- Designed a clean and responsive UI for easy navigation and smooth user experience

EXPERIENCE & TRAINING

Full-Stack Development Trainee | Sheryians Coding School

Oct 2025 – Mar 2026 · Remote

- Completing intensive full-stack curriculum: HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB
- Building real-world projects applying REST API design, authentication flows, and deployment best practices
- Participating in peer code reviews and pair programming sessions to improve code quality and debugging skills

CERTIFICATIONS

JavaScript Algorithms and Data Structures – freeCodeCamp (2026)

SQL (Basic) Certificate – HackerRank (2026)

Responsive Web Design – freeCodeCamp (2026)

ACHIEVEMENTS & ACTIVITIES

- Active on LeetCode — consistently solving Easy to Medium problems, focusing on DSA patterns and time complexity
- Maintaining GitHub profile with documented repositories and regular commit history
- Completed Anthropic Claude AI Fundamentals training — exposure to prompt engineering and AI API integration
